

## You can't afford to get it wrong. So don't. Get your payroll right with Ceridian HRevolution.

Paying your people correctly and on time is vital to ensuring that your employees remain motivated and productive. Ceridian HRevolution's Payroll module gives you the option of running an in-house payroll team or opting for Ceridian's managed service, and keeps you compliant with ever-changing legislation whilst managing your costs.

In the UK alone, Ceridian pays over 1.8 million employees, and processes 24 million payslips a year. Ceridian's market-leading payroll services add to your business's competitive advantage, making sure that you pay your employees accurately every time.

Ceridian's Managed Payroll Service is a reliable and time proven service integrated with what we believe to be the best HR product, HRevolution.

*Chief Operating Officer*
